### PROJECTS

#### [Unite Bank](#)

A web banking app to connect multiple bank accounts and get their transactions all at one place. Technology used React, MongoDB, Node.js, Express.js, Redux, Plaid Api & Jwt Authentication.

#### [The Guitar World](#)

Online website to purchase awesome guitars. Registration and login capability. Admin access to add, edit and delete products. Technology used Node.js, Express.js, MongoDB. Deployed to heroku.

#### [Restaurants On The Go](#)

An app to find top 10 restaurants from the cities around the world. CRUD capability of adding favorite restaurants. Technology used React.js, MongoDB, Express.js, Axios and Zomato Api.

#### [Health-Diary](#)

App to add health related events and track your necessary health activities. Technology used PostgreSQL, React.js, PHP.

#### [Song-Diary](#)

Create a playlist of your favourite videos using embedded URI. Build using MongoDB, Express.js, React.js and Node.js.

#### [Share-App](#)

An app where you can share your blogs and images. Build using PostgreSQL, Express.js, React.js, Node.js.

## [Pokemon-world](#)

Pokemon app to find all the pokemons and their info. Build using HTML, CSS, Javascript, Axios and pokeapi.

---

## EXPERIENCE

---

### **Full Stack Development Associate**, Minos Labs Jan 2021 - Present

- Worked with a team on a fintech application project using React, Node.js, Express.js, MongoDB and Plaid Api.
- Participating in this 6-week, industry driven professional course to gain the experience of an industry professional.
- Regularly attended and participated in lecture classes, stand-up on the project, webinars and coaching sessions.

### **Software Engineering Fellow**, General Assembly Aug 2020 - Nov 2020

- Developed competitive full stack web development skills with special emphasis on new technology and processes through a full-time immersive course.
- Build responsive web applications in HTML5, CSS3, JavaScript, NodeJS, React.js, PHP, MongoDB, and PostgreSQL.
- Worked independently and in small teams to deploy projects within strict deadlines.
- Converted mock-ups and designs into sleek responsive front end pages.
- Completed the cohort with 100% completeness of the home assignments

### **Guest service Aide + Front Desk Agent**, Marriott Int Apr 2019 - Mar 2020

- As a trainee, made keys for the guests using the Marriott PMS system.
- Helped the guests with the navigation around the hotel property and the city.
- Achieved nice comments from guests for being able to give them good services.

---

## EDUCATION

---

### **Minos Labs**

Full Stack Development career acceleration program - Remote

### **General Assembly**

Software Engineering Certificate - Remote

### **The Institute of Chartered Accountants of India**

Certificate of Completion in 100 hours Information Technology Training

### **United Academy**

HighSchool , Faculty(Science)
